Contract / Perm	Contract
Title	Oracle RAC Architect
Profile	Oracle RAC Architect
Location	London, UK
No of yrs of exp reqd	12 + Years

CLIENT

Our client

A multinational technology service provider spanning multiple industries including Travel & Transportation, Banking & Financial Services, and Insurance etc .

End client

An Anglo-Spanish multinational airline holding company with its operational headquarters in London, UK

Business Challenge of the client

This role was business critical as there were some cost implications on our client due to unfulfilled role for its customer's project.

Challenges faced in fulfilling this role

To find a candidate with desired experience with Oracle certification at very competitive rates was the biggest challenge. Also, it was a business critical role so we had tight timelines to close this role.

What is unique and challenging about this closure

Smart sourcing strategy coupled with good negotiation skills were required to find candidate who is Oracle certified as well as having Aviation domain experience as our client's preference was candidate with relevant domain experience.
