Location

Eschborn, Germany

No of yrs of exp reqd

18+ Years

Case Study: PySpark Tech Lead_ Eschborn, Germany

CLIENT

Our client

Client is a global leader in technology services, consulting and outsourcing services , having client base in more than 50 countries .

End client

A largest German multinational investment bank and financial services company headquartered in Frankfurt, Germany, and dual-listed on the Frankfurt Stock Exchange and the New York Stock Exchange. The bank's network spans 58 countries with a large presence in Europe, the Americas, and Asia

Business Challenge of the client

Need Financial domain background with combination of technologies (Niche Skills) and immediate joiners.

Challenges faced in fulfilling this role

Combination of Technologies Like PySpark(Python + Spark) and Spark Architecture and who has created user stories and have Architecture experience

What is unique and challenging about this closure

The Combination of technologies and rate are the unique challenge about this role as the client was looking for the various skill sets from one candidate which was a major task to search and above all the rates which they were offering was not an easy task to get the suitable candidate .
