CLIENT

Our client

Client is a global Information technology & Digital solutions and services company which has presence across the globe.

End client

Client is a Swedish multinational power company owned by the Government of Sweden. Beyond Sweden, the company generates power in Denmark, Finland, Germany, the Netherlands, and the United Kingdom.

Business Challenge of the client

This role was urgent for our client and we submitted some profiles for this position. The client was looking strong operating of Server virtualization environments, filesystems, fiber optics and backup and administration owledge of operating systems (Linux/Windows 2008 and up) so mined many profiles & submitted the best one.

Challenges faced in fulfilling this role

Client was looking for the Dutch Speaking Candidate which was a challenge fulfilling this role.

What is unique and challenging about this closure

The pool was very limited in Netherlands with fluent Dutch speakers and with mandatory skills and getting candidate on client rate was challenge.
