CLIENT

Our client

A leading multinational corporation that provides business consulting, information technology and outsourcing services. It has its headquarters in Bangalore, Karnataka, India. It is the second-largest Indian IT company.

End client

It's telecommunications holding company headquartered in London, United Kingdom. It has operations in around 180 countries and is the largest provider of fixed-line, broadband and mobile services in the UK, and also provides subscription television and IT services.

Business Challenge of the client

The client was specifically looking for someone who can start on immediate basis within budget.

Challenges faced in fulfilling this role

The budget was bit low as per experience level and nobody was ready to come down on the current day rate, but we managed with our negotiation skills.

What is unique and challenging about this closure

Candidate had some offer in hand and we had to convince within the budget which was bit low as per their expectation.
