## CLIENT

### Our client

A leading multinational corporation that provides business consulting, information technology and outsourcing services. It has its headquarters in Bangalore, Karnataka, India. It is the second-largest Indian IT company.

### End client

Leading Telecom Group plc that provides pay television, telecommunications, Internet access, and mobile network services to businesses and consumers in the United Kingdom. It was founded in 2003 as a subsidiary of Carphone Warehouse and was demerged as a standalone company in March 2010. Its headquarters are in Salford.

### Business Challenge of the client

The client was specifically looking for someone very strong in Blue Prism development. This was an urgent role.

### Challenges faced in fulfilling this role

Searching for the right candidate was a big challenge and certified blue prism candidates. Location was also a big challenge for this role, It was difficult to convince the candidate for relocation at such a low rate.

### What is unique and challenging about this closure

There are fewer resources with the right skillset. Also, they don't want to work in the pay rate that was offered by the client. It was difficult to find a candidate and also difficult to convince them for relocation at such a low rate.
