## CLIENT

### Our client

**The Client is an Indian multinational technology company that specializes in information technology (IT) services and consulting, which delivers innovative technology solutions built around Digital, IoT, Cloud, Automation, Cybersecurity, Analytics, Infrastructure Management and Engineering.**

### End client

**Client is a multinational pharmaceutical company based in Basel, Switzerland. It is one of the largest pharmaceutical companies in the world.**

### Business Challenge of the client

This role was urgent for our client but there was limited pool of resource. The Client was looking for Anomaly DDC level candidate with expertise skills in cyber security.

### Challenges faced in fulfilling this role

Finding talent with the niche skills is the biggest challenge faced in fulfilling this role.

### What is unique and challenging about this closure

The resources were very less with the proper skill set and convincing the candidate within budget & location of the job was unique here because candidates were not ready relocate to any other location in lower rate.
